

October 2022

## **ABSOLUTE AT THE FORT LAUDERDALE INTERNATIONAL BOAT SHOW: US PREMIERE PRESENTATIONS FOR THE AWARD-WINNING NAVETTA 75, THE NEW 48 COUPÉ, AND A PREVIEW OF THE REVOLUTIONARY 52 FLY**

Absolute will be exhibiting at the **Fort Lauderdale International Boat Show** with two premiere presentations for the USA, the **new Navetta 75** and the **48 Coupé**, which will be present in-water, along with the **68 Navetta** and the **52 Navetta**. Another highlight will be the press conference presentation of the **52 Fly**, with preview images of this revolutionary yacht in advance of its debut scheduled for the Miami International Boat Show in February 2023.

With over 1,300 boats on display and a public of 100,000+ visitors, the Fort Lauderdale International Boat Show (FLIBS) is the largest in-water boat show in the world. After its record-breaking 2021 edition, this year's event will take place from 26 to 30 October in the sunny South Florida location, with water-taxi services offering a convenient mode of moving throughout the seven show sites.

The **Navetta 75**, Absolute's new flagship, will arrive in Florida fresh from its success at the Cannes Yachting Festival (6-11 September 2022) where it won the **2022 World Yacht Trophies Prize** in the “**Best Interior Design**” category. Its keyword “**sphere**” expresses an all-round quest for perfection, optimizing the cruising experience. Absolute's mastery of marine architecture **maximizes the space** and gives the impression of a yacht far larger than its 75-foot length. **Sliding doors** and **extensive glazing** optimize the sense of contact with the outside world, placing you at the very center of your own personal beach club. On the signature cockpit terrace, **sea views** are given pride of place by a **glazed balustrade** and a discreet stainless steel guardrail. **Bespoke modular furniture** can be arranged and rearranged as desired, for a space that accompanies you throughout the day, from close contact with the sea on the beach platform, a relaxed lunch in the shade of the retractable canopies, right through to aperitifs and even an impromptu disco. On the Navetta 75, everything has been carefully studied right down to the smallest details, so that every moment offers opportunities for enjoyment. Whether it is the comprehensive entertainment equipment, the interior lighting, the beautiful furnishings crafted by **skilled Italian artisans** in prestigious materials that give them the fragrance of absolute quality, or the expertly-sculpted space that ensures ample headroom throughout, Navetta 75 is a constant source of positive surprise for the owner, guests, captain and crew.

The sporty, dynamic **48 Coupé** opens up **new horizons** for the brand. Its **wide and spacious cockpit** has no visual barriers or fixed obstacles, and the **open gunwale** design offers a direct view of the sea. The new glazed balustrades towards the stern further enhance scenic enjoyment, and visibility is maximized even in the saloon and helm station, offering a breath-taking **360-degree panorama**. The 48 Coupé demonstrates Absolute's commitment to **sustainability**, with solar panels set in the roof, including a transparent panel for **natural lighting**. The electricity generated in this way enables owner and guests to enjoy a paradise bay without the hum of generators, with **natural ventilation** rendered possible by the electrically-opened windows. Below decks, **three comfortable cabins** with high ceilings offer unparalleled livability for a yacht of this size.

The **Absolute 52 Fly**, presented as a preview at the press conference while awaiting its physical presence at the Miami 2023 show – the first event in which it will take part – is the latest arrival in the brand’s **Flybridge** range. It presents all the revolutionary characteristics that hallmarked the preceding 56 and 60-foot models, in a more compact format but with the same **incredible engineering commitment**. It is no coincidence that the keyword chosen to describe the 52 Fly is “**direction**”: it represents a true “polestar” in the world of yachting, a new point of reference, offering space and features difficult to find in boats of this size. Its **open cockpit** and **flybridge terrace** offer innovative ways of enjoying the marine environment at any time of day or night, ideal for people who yearn for the sight of a sunset on the water and the fresh air of the coastal breeze. The **groundbreaking interiors** pamper guests in their favorite comfort zones, and they include a saloon of refined elegance, enhanced by the finest materials of nautical tradition. The **galley** has everything that even the most demanding chefs need, and it includes a spacious **pantry**, unusual in this category of yachts. The **full-beam master cabin** offers many unique features, and its position in the bows guarantees peace and tranquility. A midships double is in every way comparable to a **second master cabin**, a true surprise for its luxury and space. The **third guest cabin** has an electrical system for seamless transformation from twin berths to double. In addition, there is a multi-function crew cabin. It is no exaggeration to say that Absolute’s 52 Fly indicates a **new direction** for the world of luxury yachting.

We look forward to meeting you at FLIBS and showing you around these state-of-the-art yachts. Please **contact us** for further information and appointments: [marketing@absoluteyachts.com](mailto:marketing@absoluteyachts.com)

Absolute will be exhibiting at Bahia Mar Convention Center, Face Dock #5F.

Absolute Spa designs and builds luxury yachts from 47 up to 75 feet in the Navetta, Flybridge and Coupé model ranges. The company has been founded in 2002 and it is based in Podenzano, Piacenza (Italy). Absolute is independent both financially and in management. The different phases of studying, planning, and production are developed internally thanks to the merge of high-level professional competencies in the yachting industry. Absolute is renowned internationally thanks to our network of dealers working hand in hand with the company and are committed to its principles. The shipyard is extended on a 48,000 Sqm surface, using geothermic and solar solutions that can control the environmental impact. In addition, a filtered system purifies the air inside the production site while disposable materials are managed sustainably and properly for the environment. Absolute is the symbol for experience, innovation, and practicality with yachts appreciated all around the world. Today, the company has solidified its place inside the yachting industry worldwide by winning several international awards for the design and architectural characteristics of the boats.
