Absolute 70 FLY: *Where Innovation and Wonder Set Sail*

Discover the **wonder** of Absolute's newest flybridge yacht, where **cutting-edge design** meets **timeless elegance**. The **70 FLY** debuts with an array of innovative features and embodies Absolute's signature attention to detail, space optimization, and immersive lighting.

Absolute proudly presents the new **70 FLY**, a yacht that reimagines luxury at sea. Designed to enhance every moment on the water, it features **expansive glazing for uninterrupted views**, seamlessly blending the interior with the surrounding seascape. Among its standout innovations is the **new stern bathing platform**—a first for Absolute—crafted to slide effortlessly into the sea. With integrated non-slip steps and dedicated storage for sea toys, this feature brings a new dimension of enjoyment for those who love the water. The yacht's **external lighting** appliances are also significant features, adding atmospheric touches of luminance that enhance the craft's beautiful lines.

The 70 Fly's innovative architecture **minimises the barriers between exterior and interior** so that wherever you are on board, you feel in close contact with the seascape. The salon's **new sliding door** on the port side opens up the dining area, offering a perfect blend of indoor comfort and alfresco dining, with a gentle breeze to accompany every meal. This, along with other advanced features, is seamlessly woven into a dynamic design that reflects Absolute's proud **Italian heritage**, where innovation and style meet.

At the heart of the 70 FLY lies the concept of **Wonder**, chosen to encapsulate the yacht's blend of innovation and performance. Hidden beneath its sleek lines is state-of-the-art, eco-friendly technology that allows nature to take center stage. The **flybridge** is a prime spot to enjoy the majesty of the open water—whether you're navigating with guests at the helm or savouring a sunset in complete relaxation. Its ergonomic helm station is sleek and modern, with flush-mounted monitors and intuitive controls for smooth, easy operation. The flybridge's position and design make it a favourite area for socialising, whether watching the sunset, enjoying an al fresco meal, or during exhilarating moments of navigation. The flybridge's dynamic design, with distinctive reverse-slope front glazing, adds to the yacht's eye-catching appearance.

In the **cockpit terrace**, Absolute's unmistakable style is on full display. From the open lateral balustrades that enhance the views, to the flexible furnishings and fully-equipped hospitality area with a wet bar, fridge, and storage, every detail has been designed for ease and enjoyment. Atmospheric external lighting transforms the space into an evocative setting, particularly after sunset, leveraging its easy access to the stern bathing platform, the bow sundeck, flybridge and salon.

One of the standout features of the 70 FLY is its six-leaf **sliding door on the port side of the salon**—a unique addition for a yacht of this size. This door opens up the interior, offering an open-air dining experience while maintaining the comfort of the salon. Panoramic windows and slim stainless-steel handrails ensure unobstructed views, while the galley, comprehensively equipped, is ideally positioned to serve both the salon and cockpit. The salon's **soft furnishings** have also been redesigned, featuring elegant, **full-height curtaining** for a feel of luxurious comfort. The salon helm station dashboard features sleek, flat monitors and instrumentation with optimized usability. Access from the helm to the lateral

walkways is now possible on both sides, facilitating mooring operations. The **bow sundeck area** has been given extra appeal, particularly after sunset, by means of the innovative ambient lighting systems, with concealed strip appliances that give furniture units an appearance of suspension.

Below decks, the 70 FLY offers the **ultimate in comfort**. The **full-beam owner's stateroom** bows is a superb combination of Italian design flair, comfort and technology, with a king-size bed, vanity area, and extensive storage.

Natural light floods in through the large windows, offering the possibility of effective natural ventilation in addition to the air-conditioning. The large bathroom is comprehensively-equipped and superbly finished, with a large glazed en-suite shower. The **VIP cabin** astern mirrors this level of refinement, while at the centre of the yacht, there is a cabin with two electrically-convertible twin berths, and another guest cabin with two single berths. The **crew cabin** has a separate entrance

from the lateral walkway, with one or two berths and a dedicated shower.

The wonder of the 70 Fly reflects Absolute's dedication to **design, craftsmanship, and innovation**. Its appearance is enhanced by Absolute's unerring talent for sophisticated aesthetics utilising top-quality materials optimised by the superb skills of Italy's finest artisans.

With every detail carefully considered and expertly executed, the yacht embodies the perfect balance of form and function, showcasing the finest Italian artistry.

Absolute Spa designs and builds luxury yachts from 47 up to 75 feet in the Navetta, Flybridge and Coupé model ranges. The company has been founded in 2002 and it is based in Podenzano, Piacenza (Italy). In the industry, Absolute stands out as a benchmark company, appreciated for its excellence and innovation, and backed by robust financial stability. The different phases of studying, planning, and production are developed internally thanks to the merge of high-level professional competencies in the yachting industry. Absolute is renowned internationally thanks to our network of dealers working hand in hand with the company and are committed to its principles. The shipyard is extended on a 48,000 Sqm surface, using geothermic and solar solutions that can control the environmental impact. In addition, a filtered system purifies the air inside the production site while disposable materials are managed sustainably and properly for the environment. Absolute is the symbol for experience, innovation, and practicality with yachts appreciated all around the world. Today, the company has solidified its place inside the yachting industry worldwide by winning several international awards for the design and architectural characteristics of the boats.
