## ABSOLUTE NAVETTA 66: A NEW DAWN IN THE WORLD OF LUXURY YACHTING

With the **Navetta 66**, Absolute Yachts unveils a new vision of high-level cruising: a perfect balance of design, innovation, and comfort, inspired by the magic of the aurora. Just as the first light of day announces new possibilities, this yacht marks the beginning of an exclusive experience, immersed in the beauty of the sea and of light itself.

**Aurora** is the keyword chosen to express the essence of the **Navetta 66**: a yacht that is not merely a vessel, but an invitation to discover the sea in a new, immersive, and restorative dimension. Every detail reflects timeless elegance, where design and technology converge to deliver well-being, comfort, and harmony. Designed and built at Absolute's shipyard in Podenzano, Italy, the **Navetta 66** embodies a clear and ambitious vision: to transform every journey into an engaging, relaxing, and truly memorable experience.

### Fourth cabin: front-row sea view

A space that surprises with refinement and a truly unique position. The new **fourth cabin**, set just a few centimeters above sea level, offers a visual experience reminiscent of an infinity pool, in seamless continuity with the sea. The sofa can be transformed electrically into a comfortable double bed, while oak flooring, fine materials, and atmospheric lighting define an intimate, welcoming space, curated in every detail.

To complete the experience, its proximity to the aft platform offers privileged, direct access to the water, heightening the sense of freedom and connection with the surrounding environment.

---

### Cockpit terrace: the freedom of open-air living

The **cockpit terrace** is a tribute to lightness and transparency, designed to offer a continuous visual and sensory connection with the sea. A glass parapet enhances the view of the horizon while ensuring maximum safety for all guests, including children and pets. Perfectly integrated with the main salon, this elegant open-air area becomes a privileged space for relaxation and conviviality. A new retractable sunshade ensures privacy even at anchor or in port, preserving comfort and intimacy at any time of day.

---

### Flybridge: spacious, versatile, and with 360° views

The **flybridge** of the **Navetta 66** stands out for its generous dimensions—well above the average in its category—and for a layout that combines comfort, functionality, and style. Conceived as a true open-air living space, it is the ideal setting for socializing, relaxing, or simply enjoying navigation from a privileged perspective.

The large, modular lounge adapts easily to different onboard needs, while the elegant dining area invites convivial moments. A fully equipped wet bar completes the experience, transforming this deck into an oasis of well-being under the open sky. At the helm, the windshield without uprights ensures an uninterrupted view, amplifying the feeling of total immersion in the marine landscape. The helm console, designed for maximum visibility and comfort, fosters conviviality, allowing the navigation experience to be shared with guests in an informal and relaxed atmosphere.

## Light and materials: a symphony of elegance

The interiors of the **Navetta 66** are designed to celebrate natural light, thanks to the extensive use of glass surfaces and a layout that enhances spatial breadth. Two refined colour schemes—**Sunrise**, bright and radiant, and **Nightfall**, deep and sophisticated—offer a customizable onboard atmosphere. Every detail, from precious woods to artistic ceramics, has been chosen to create an ambiance of discreet, contemporary luxury. The **salon** features an electrically adjustable dining table with six independent chairs, while the retractable, swivelling TV ensures uninterrupted contact with the sea view.

*Nightfall*

## Below deck: private spaces with unmistakable style

The night area has been designed to guarantee maximum comfort and absolute privacy, combining refined elegance with impeccable functionality. The **full-beam owner's suite**, positioned forward, opens onto large panoramic windows that immerse the space in natural light and stunning sea views. Ample storage solutions help keep the environment ordered and harmonious, creating a true sanctuary of tranquillity.

Aft, the **VIP cabin** welcomes guests with a comfortable bed and a contemporary open-space bathroom, shaping an atmosphere that is both luminous and sophisticated. Completing the accommodations are a **twin cabin** amidships—crafted with the same high standards of comfort and attention to detail that define the entire yacht—and the crew quarters, designed to ensure privacy, efficiency, and flawless service on board.

---

## A new course signed Absolute

Every moment aboard the **Navetta 66** is an invitation to embrace timeless elegance.

This yacht does not follow trends—it sets them, charting new courses in the world of luxury yachting. **Aurora** is not just a name: it is a declaration of vision and innovation, the dawn of a new chapter in yachting.

---

Absolute Spa designs and builds luxury yachts from 47 up to 75 feet in the Navetta, Flybridge and Coupé model ranges. The company has been founded in 2002 and it is based in Podenzano, Piacenza (Italy). In the industry, Absolute stands out as a benchmark company, appreciated for its excellence and innovation, and backed by robust financial stability. The different phases of studying, planning, and production are developed internally thanks to the merge of high-level professional competencies in the yachting industry. Absolute is renowned internationally thanks to our network of dealers working hand in hand with the company and are committed to its principles. The shipyard is extended on a 48,000 Sqm surface, using geothermic and solar solutions that can control the environmental impact. In addition, a filtered system purifies the air inside the production site while disposable materials are managed sustainably and properly for the environment. Absolute is the symbol for experience, innovation, and practicality with yachts appreciated all around the world. Today, the company has solidified its place inside the yachting industry worldwide by winning several international awards for the design and architectural characteristics of the boats.
