## Navetta 50 – The Absolute Calypso

*Absolute unveils the new Navetta 50 “Calypso”: freedom, autonomy and next-generation design*

Every Absolute yacht embodies an innovative approach to life at sea. The Navetta 50, one of the three models of the **Generation 2026**, represents an exciting new addition to the range: a yacht that delivers an enchanting cruising experience in a compact, manageable format, perfectly suited to owner-operation for those who wish to enjoy the sea in complete autonomy.

Inspired by Calypso, a symbol of charm and freedom, the Navetta 50 combines contemporary lines, **surprisingly generous volumes** for her category and **advanced technical solutions**, fully aligned with the quality standards that define the entire Navetta range.

The new Navetta 50 has been designed to simplify yacht management and **make true owner-operation a reality**. The intuitive helm station, the side access door on the main deck and the carefully designed onboard circulation routes facilitate manoeuvring during every phase of navigation and docking. The vertical-profile stern enhances outdoor livability and provides direct, easy access to the swim platform, while the modular, non-permanently fixed furnishings allow spaces to be quickly reconfigured according to onboard needs, naturally shifting from convivial moments to more private settings.

## Boundless exteriors: flexibility and comfort, Absolute style

The **flybridge** is one of the key design focal points of the Navetta 50. **Free of level changes** from bow to stern, it is conceived as a true open-air living space to be enjoyed at any time of day. It features a **spacious and welcoming dining area**, a fully equipped bar unit with refrigerator, ice maker and barbecue, as well as comfortable seating positioned alongside the helm, allowing guests to share the cruising experience with the owner.

The **cockpit**, in line with the latest Absolute models, is designed as a natural extension of the saloon. **Free from fixed elements**, characterized by large opening glass surfaces and modular furnishings, **it offers maximum flexibility of use** and allows the space to be quickly reconfigured, ensuring seamless continuity between interior and exterior areas.

The **bow** has been redesigned to provide generous sunbathing areas and protected walkways beneath the overhanging flybridge; access is via **safe lateral side decks**, equipped with handrails, properly dimensioned bulwarks and integrated lighting.

## The Absolute aesthetic: continuity, light and functionality aboard the Navetta 50

Inside, the Navetta 50 introduces the new Absolute aesthetic, defined by **light-toned woods, refined finishes** and a constant connection with the exterior. The saloon is dominated by **full-height glazing** that ensures uninterrupted sea views and abundant natural light.

The galley, located aft, is designed to serve both the interior living area and the cockpit with equal efficiency, encouraging seamless and fluid use between indoor and outdoor spaces.

The helm station, positioned to starboard, offers excellent visibility and incorporates a **side access door** providing quick entry to the side deck— a solution typically found on larger yachts, here adopted to further facilitate owner-operation.

## Lower deck: space, comfort and uncompromising design

The lower deck confirms the brand's ongoing pursuit of space and comfort. The **forward owner's cabin** interprets Absolute's tradition in a contemporary way: the diagonally positioned bed enhances ergonomics and accessibility, while large sea-level windows flood the space with natural light and reinforce the sense of immersion in the surrounding environment. The **en-suite bathroom** features a separate shower, while the **walk-in wardrobe** and numerous custom storage units ensure superior stowage capacity.

Amidships, the **VIP cabin** offers volumes and headroom uncommon in this size segment, effectively functioning as a second suite. In the same area, the **third guest cabin** is fitted with twin beds and completes the night area, alongside a single crew cabin that can also be used as an additional guest berth when required.

## The timeless magic of living the sea

In Homeric legend, Calypso stretched time through the pleasures of her island. Absolute's Navetta 50 performs a similar kind of magic, **enhancing the experience of the sea** through an environment that is extremely comfortable yet secure, private and supported by the latest technologies. Every moment becomes a gift—precious time to be lived to the fullest.

The Navetta 50 will be officially unveiled at the **Cannes Yachting Festival 2026**, taking place from September 8 to 13, alongside the other two Generation 2026 models: Navetta 66 – *The Absolute Aurora* and Navetta 58 – *The Absolute Andromeda*.

---

Absolute Spa designs and builds luxury yachts from 47 up to 75 feet in the Navetta, Flybridge and Coupé model ranges. The company has been founded in 2002 and it is based in Podenzano, Piacenza (Italy). In the industry, Absolute stands out as a benchmark company, appreciated for its excellence and innovation, and backed by robust financial stability. The different phases of studying, planning, and production are developed internally thanks to the merge of high-level professional competencies in the yachting industry. Absolute is renowned internationally thanks to our network of dealers working hand in hand with the company and are committed to its principles. The shipyard is extended on a 48,000 Sqm surface, using geothermic and solar solutions that can control the environmental impact. In addition, a filtered system purifies the air inside the production site while disposable materials are managed sustainably and properly for the environment. Absolute is the symbol for experience, innovation, and practicality with yachts appreciated all around the world. Today, the company has solidified its place inside the yachting industry worldwide by winning several international awards for the design and architectural characteristics of the boats.
