ABSOLUTE AT THE CANNES YACHTING FESTIVAL 2026: THREE WORLD PREMIERES ACROSS THE GENERATION 2026 RANGE

Absolute returns to Cannes with an eleven-yacht fleet, led by the **world premieres** of Navetta 50, Navetta 58" and Navetta 66.

Absolute returns to the **Cannes Yachting Festival**, taking place from 8 to 13 September, with a fleet of eleven yachts that reflects the brand's commitment to redefining contemporary luxury motor yachting. On display in the Pantiero area, the collection showcases a design philosophy where innovation, craftsmanship, technology and wellbeing on board come together to create an authentic connection with the sea.

Making their **world debut** are **three new models** from the **Generation 2026** range: **Navetta 50**, **Navetta 58"** and **Navetta 66**. Each offers a distinct interpretation of life on the water while sharing the principles that define the latest generation of Absolute yachts: generous natural light, fluid indoor-outdoor living, refined materials, practical solutions and meticulous attention to every detail.

Leading the premieres is **Navetta 66 – The Absolute Aurora**, conceived as a celebration of light and openness. Expansive glazing, airy interiors and seamless transitions between indoor and outdoor spaces create an immersive onboard experience, complemented by two interior moods—Sunrise and Sunset—designed to reflect different lifestyles and personal tastes.

Also making its debut is **Navetta 58" – The Absolute Andromeda**, where distinctive styling meets intelligent functionality. Signature design elements—including the cockpit terrace, the elegant profile with continuous handrail detailing and the characteristic squircular bow windows—combine with innovative solutions that maximise comfort, privacy and usability throughout the yacht.

Completing the trilogy of premieres, **Navetta 50 – The Absolute Calypso** brings the same philosophy into a more compact format. Designed for owners seeking easy handling without compromising comfort, it combines generous outdoor living areas, panoramic glazing and practical features such as the starboard side access door, which simplifies docking operations.

Alongside the world premieres, visitors will discover a selection of Absolute's most successful models, including **the flagship Navetta 75**, the award-winning **Navetta 62, Navetta 70, Navetta 53, 52 Fly, 56 Fly, 60 Fly** and **70 Fly**. Together, they showcase the breadth of the range and the consistency of a design approach recognised internationally for innovation, comfort and craftsmanship.

Across every model, the same principles shape the onboard experience: architecture designed around natural light, versatile living spaces, premium materials including teak, fine woods, stainless steel, ceramics and leather, together with engineering solutions developed to enhance comfort and life at sea. Sustainability also remains an integral part of Absolute's design philosophy, with features such as natural ventilation systems and integrated solar panels on selected models.

The Cannes Yachting Festival 2026 marks **another milestone** in Absolute's journey, as the brand continues to shape its future while remaining true to the values that have always defined it.

The eleven yachts will be on display at stand **PAN214-008** in the **Pantiero area**. To arrange a private visit, please contact the Absolute marketing team at marketing@absoluteyachts.com.

We look forward to welcoming you to Cannes.

Absolute Spa designs and builds luxury yachts from 47 up to 75 feet in the Navetta, Flybridge and Coupé model ranges. The company has been founded in 2002 and it is based in Podenzano, Piacenza (Italy). In the industry, Absolute stands out as a benchmark company, appreciated for its excellence and innovation, and backed by robust financial stability. The different phases of studying, planning, and production are developed internally thanks to the merge of high-level professional competencies in the yachting industry. Absolute is renowned internationally thanks to our network of dealers working hand in hand with the company and are committed to its principles. The shipyard is extended on a 48,000 Sqm surface, using geothermic and solar solutions that can control the environmental impact. In addition, a filtered system purifies the air inside the production site while disposable materials are managed sustainably and properly for the environment. Absolute is the symbol for experience, innovation, and practicality with yachts appreciated all around the world. Today, the company has solidified its place inside the yachting industry worldwide by winning several international awards for the design and architectural characteristics of the boats.
